

Barro Colorado Island and Nature Monument Bibliography

Updated December 15, 2020

This is a list of publications that are attributed to research done on Barro Colorado National Monument by Smithsonian Tropical Research Institute and affiliated staff. The publications are grouped by year and sorted alphabetically by first author, with known Smithsonian Tropical Research Institute researchers marked in bold. The data are generated from [Smithsonian Research Online](#), provided by the Smithsonian Libraries and Archives. Reports are generated on a quarterly basis and may not include the most recent publications.

Not all publications are available electronically, the list is for citations only with links to some dois. Contact STRILibrary@si.edu with help accessing the publication.
